

TECHNOLOGY AREA TEMPLATE

DEFINITION

<i>Name</i>	Vendor Profiles
<i>Description</i>	<p>A vendor is any person or business that sells goods or services to the State of Missouri.</p> <p>A profile is information that is stored about vendors that have interactions with the State of Missouri.</p> <p>Examples of fields include: Tax ID Number, number of employees, primary contact information, etc.</p>
<i>Rationale</i>	A vendor profile may contain confidential information. Therefore, privacy should be taken into consideration when handling/using vendor profiles. Profiles may be used by network operating systems as well as by application software.
<i>Benefits</i>	The vendor base should be more comfortable with the State having their profile information stored electronically. This lends itself to creating a more efficient and cost effective E-Government system.
